

GOVERNING BOARD DIVERSITY DATA

Report date: 1st September 2026

ABOUT THIS REPORT

This report summarises the diversity information available for members allocated to Gateway Primary School's governing board constitution and places it alongside national census data. The census figures are included to provide context and prompt reflection; they are not intended to operate as a diversity benchmark or quota.

The underlying diversity information was provided on the basis of consent and was accurate when the source report was downloaded. GovernorHub only generates the report once a minimum participation threshold has been reached, and data for an individual characteristic is only displayed where the relevant anonymity threshold has been met.
